

Get up to 25% off Select Microsoft Certification Exams

It's never been a more important time to take control of your destiny and chart your career path. To help you pursue a new career in I.T., move from one job role to another, or help you become indispensable in your existing role, Microsoft wants to help advance your career by providing you discounts on select Microsoft Certification Exams.

Microsoft Certifications are continually evaluated and updated to ensure their relevance in the marketplace. As a result, earning a certification not only helps you stay up-to-speed on the latest developments in Microsoft technologies and platforms, but enables you to demonstrate to employers your on-the-job skills.

To Learn More about Microsoft Certifications Visit:

<http://www.microsoft.com/learning/en/us/certification/cert-overview.aspx>

Offer Valid Worldwide. Offer Good until December 31, 2009 or while supplies last. Customers must register, schedule and purchase their discounted exams by December 31, 2009. Microsoft does not guarantee that candidates that take exams will pass. Does not include Academic Exams.

Get 15 to 20% off Select Technology Specialist (TS-Level) Exams

The Microsoft Certified Technology Specialist (MCTS) certifications provide the foundation for Microsoft Certification. These certifications are designed to validate your skills on the features and functionality of key technologies. You can show your depth of knowledge in one specific technology, earn multiple MCTS certifications to show breadth across different products, or build on the MCTS to earn a Microsoft Certified IT Professional (MCITP) credential or other Pro-Level Credentials.

Get Up to 25% off Select 'Professional-Level' Microsoft Certification Exams

The Pro-Level Microsoft Certified credential validates that an individual has the comprehensive set of skills necessary to perform a particular job role, (for example, desk-top support technician, database administrator, enterprise messaging administrator or developer related skills). Some examples of Pro-level Certification would include MCITP - Microsoft Certified IT Professional, MCPD – Professional Developer , MCDBA – Database Administrator, etc. These certifications build on the technical proficiency measured in the Microsoft Certified Technology Specialist (MCTS) certifications. Therefore, you will earn a professional-Level Certification on your way to earning an MCITP credential.
